PROFESSIONAL SUMMARY

Front-End Developer with strong experience in **React, Next.js, Tailwind CSS, and modern front-end development practices**. Skilled in building clean, responsive, and fully **accessible (WCAG-compliant)** user interfaces with a strong focus on usability and user experience. Experienced in delivering projects **end-to-end** — from client communication and UI/UX design to development, SEO optimization, and deployment. Familiar with backend development using **Node.js, Express, and MongoDB**, and comfortable working with **REST APIs**. Detail-oriented, proactive, and eager to grow in a professional front-end environment.

TECHNICAL SKILLS

Front-End: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Vite

Back-End & APIs: Node.js, Express, MongoDB, RESTful APIs

Tools & Platforms: Git, GitHub, Visual Studio Code, Figma, Vercel

Other Skills: Responsive Web Design, Accessibility (WCAG 2.2), SEO Optimization

PROFESSIONAL EXPERIENCE

Front-End Developer, Jan 2026 – Present

Freelance / Contract | Sheffield, UK

P.A. Home Care Services, Demo: pahomecareservice.co.uk

- Designed and developed a responsive business website using **Next.js** and **Tailwind CSS**
- Delivered the project end-to-end: client communication, UI/UX design, development, SEO, and deployment
- Implemented **WCAG-compliant accessibility** and optimized performance
- Ensured full responsiveness and cross-browser compatibility

Achievement: Delivered a high-performance, SEO-optimized website that improved online presence and client inquiries after launch.

Front-End Developer, Dec 2025 – Jan 2026

Freelance / Contract | Sheffield, UK

The Nail Touch, Demo: thenailtouch.com

- Led front-end development using **Next.js** and **Tailwind CSS**
- Defined UI/UX design and visual style based on client requirements
- Collaborated with another developer as **Team Lead**
- Managed deployment and post-launch improvements

Achievement: Successfully launched a production-ready commercial website on schedule, improving usability and mobile experience.

Front-End Developer Intern, Sep 2025

Evoplay – Internship Project | Remote (Ukraine)

Project: Alien Survivor: Survival Arena, **Demo:** netkatya.github.io/STP-10194

- Developed a landing website for promoting a game using **HTML, CSS, and JavaScript**

- Implemented a responsive user interface and interactive UI components
- Added animations and dynamic elements to enhance user experience
- Worked in a small team as Team Lead under mentorship

Achievement: Delivered a fully functional and responsive website within project requirements and deadlines.

Duty Manager, Feb 2023 – Present

Adlington Retirement Living | Sheffield, UK

- Managed internal digital systems and operational processes
- Improved data accuracy and information usability
- Coordinated teams and resolved issues efficiently

Achievement: Optimized internal workflows, significantly reducing data entry errors and improving overall operational efficiency.

Senior Insurance Specialist, 2013 – 2023

Oranta Insurance Company | Poltava, Ukraine

- Managed client databases and internal digital tools
- Collaborated with IT and marketing teams to improve online engagement
- Enhanced customer experience and optimized workflows

Achievement: Increased revenue through effective cross-selling strategies, achieving a 30% year-on-year growth in additional policy sales.

PROJECTS

Clothica – Online Clothing Store

Demo: clothica-shop.vercel.app | **Code:** github.com/netkatya/clothica-shop

- Led the front-end team, responsible for implementing the project based on provided designs and technical requirements
- Coordinated developers and collaborated with the back-end team
- Contributed to the development of specific website sections and UI components
- Built a responsive interface using Next.js, React, and TypeScript
- Integrated the front end with back-end APIs, including JWT authentication
- Ensured code quality and compliance with project requirements

Role: Front-End Team Lead, Developer

A.R.I – Learn JavaScript

Demo: js-game-seven-indol.vercel.app | **Code:** github.com/netkatya/js-game

- Designed and developed a browser-based game using Next.js, TypeScript, and Tailwind CSS
- Created the entire game logic, animations, and user interactions from scratch
- Focused on responsive UI, smooth transitions, and clean component structure

Role: Author, Developer
